

Welcome to Bossons Australia

Â

Â

ProudÂ supporters of the International Bossons Collectors Society

Located in Sydney we are recognised as Australia's oldest and original collectors of Bossons with a collecting history of overÂ 30 years and an extensive range in ourÂ "Girls From Oz"Â private collection , this being the culmination of three dedicated collectors.

Our extensive range of Bossons concentrates on the Character Heads, Mirrors andÂ some ivorexÂ . We have acquired pieces from around the world including England, America, Canada, New Zealand, Germany and Australia.

Through our travels we have collected a number of pieces for resale as most weekends we are searching auction houses, antique shops and collectable markets, always on the lookout for the "Kruger".

If you are a collector or would likeÂ more information about any of the Bossons products, why not become a member of the International Bossons Collectors Society: [Click Here](#)Â to Join Now!

Thank you to Dennis Lince a member of the IBCS forÂ the contribution of his amazing collection of pictures.
